CPAP PRACTICE EXAMINATIONS 2016

All CPAP practice examinations are written by experienced VCE teachers who have had years of experience as examination assessors. All exams are prepared 'from scratch' every year to ensure that teachers have access to practice assessment material that is both contemporary and challenging. Our writers use their knowledge of past examinations, as well as any recent developments, to produce the highest quality examination papers complete with solutions/answers and advice. The Unit 3/4 examinations are prepared with the express purpose of providing a reliable indication of the external VCAA examinations in each subject. Two distinct Unit 3/4 examinations are published for each subject and our writers are instructed to focus on different areas of the Study Design in each examination. This helps to ensure that the entire course for each subject is more completely covered by both 3/4 CPAP examinations. Units 1 and 3* exams are distributed in late April, Unit 2 exams in late August and Unit 3/4 examination papers are distributed in early August. The examination papers are priced at \$66 (Units 1, 2 and 3) and \$72 (Units 3/4). These prices include permission to photocopy the material per class (of up to 26 students).

All new in 2016

* Unit 3 exams are designed for schools running mid-year exams for Unit 3/4 students

CPAP ASSESSMENT TASKS 2016

The CPAP Assessment Tasks (CATs) can be used as a set for each study, or purchased individually to supplement existing tasks used at your school.**

The CATs are priced from \$30 for each outcome, come complete with suggested responses, and contain a license to photocopy the tasks per class (of up to 26 students). The CATs have been written exclusively by VCE Examination Assessors with the purpose of providing high quality assessment material for teachers of Commerce studies in the Victorian Curriculum. Our writers have prepared each task via a structured question format, with a focus on the key knowledge and skills for each area of study. In particular, CPAP writers have used their recent examination assessing experience to prepare tasks that reflect the standard expected in VCE examinations, focusing on the common errors made by students, whilst simultaneously addressing the core requirements of each outcome.

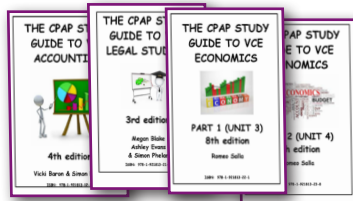

All new in 2016.

Unit 3 CATs are finalised in January 2016 for pdf distribution from 8 February (Unit 4 in April for July distribution) to ensure that the latest developments are incorporated into their design. Overall, CATs will ease teacher workload and provide teachers with security in the knowledge that assessment tasks are prepared by experts in the relevant field. Complete an order form (overleaf) or send an email to sales@commpap.com.

** Sale and distribution to schools. Not available for individual sale.

New 2016 editions for Economics and Legal Studies

ECONOMICS TEXTBOOKS

Economic Fundamentals in Australia (4th Edition) closely follows the VCE Economics Study Design and is written by two experienced teachers of VCE Economics (David MacGregor and Romeo Salla) and includes all the information students need to know in order to satisfactorily complete the VCE 3/4 Economics course. This 350+ page 4th edition is fully updated, revised and improved, with additional features that make it even more valuable to students of VCE Economics. The authors have written the text in an easy to understand style that helps to engage students and foster a desire for further learning in economics. It has been written with intellectual rigor and users will be confident that it can expertly lead them through their course of study in 2016.

Economics from the ground up is a text for students of VCE Economics Units 1&2 written by Romeo Salla, David MacGregor and Timmee Grinham. The text is printed in full glossy colour and includes a comprehensive and up to date coverage of all four areas of study in Units 1&2. It features application exercises and review questions throughout each chapter as well as chapter summaries and review crosswords at the end of each chapter. There are hundreds of multiple choice questions, a glossary of terms/dictionary at the end of the text and web support via a stand alone website dedicated to the text, containing activities, exercises and video links.
